DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Stephen W. Bauer on 3/11/05.

The application has been amended as follows:

In claim 67, line 6, replace "the electrode" with —each of the electrodes—
line 7, replace "electrode" with —electrodes—and delete "the lead
body has a plurality of electrodes, and".

Allowable Subject Matter

Claims 1-88 are allowed.

The following is an examiner's statement of reasons for allowance:

The feature of insulating to increase directionality as claimed does not appear to be taught nor suggested by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
